

NORTHEAST PARANORMAL INVESTIGATIONS SOCIETY TO HOST PROGRAM AT PHILIPSE MANOR HALL

Yonkers, NY - Northeast Paranormal Investigations Society (NPIS), a New Haven, CT based non-profit organization, has partnered with Philipse Manor Hall State Historic Site, an historic house museum in downtown Yonkers for the site's annual Halloween program this year.

NPIS has conducted several investigations of the Manor Hall in the past and has documented evidence which has been found to be paranormal in nature. A sampling of such evidence can be viewed along with other sites we've visited at www.northeastparanormal.org

We invite the public to attend a presentation on our findings and experiences in the 17th-century structure to take place Saturday, October 29, 2011. Following the program, we will conduct an investigation through the house and offer an opportunity for a limited number of visitors to participate. We ask that you reserve a place for this event.

Doors will open for the program at 6:30pm. The presentation will begin promptly at 7:00pm and will conclude approximately at 8:30pm, at which time we will begin a mini investigation, which will conclude at 11:00pm.

Admission to the event is as follows: \$10 for program presentation only, \$20 to participate in the investigation, or \$25 for both. *All proceeds go toward continued support of Philipse Manor Hall for future programming. We look forward to sharing our experiences with you and perhaps you will leave the Manor with something to share as well.

Reservations and inquiries regarding this event will be addressed by Kimberly or Nancy at Philipse Manor Hall at (914) 965-4027 or by Adam Shefts, Director of NPIS at: adam@northeastparanormal.org
