Fun Fact About Us

On May 30, 1888, at a Memorial Day service, William Allen Butler, a Yonkers lawyer and poet, suggested a monument to remember the Yonkers soldiers who had fought to preserve the union during the Civil War.

His vision was realized three years later, when the the *Soldiers' and Sailors' Monument* was dedicated on the grounds of Philipse Manor Hall SHS, which, at the time, was acting as Yonkers City Hall.
